Dear Daylily Registrant,

This is the Registration Cultivar Data Sheet for the daylily cultivar you submitted for Registration through the American Hemerocallis Society. The Hemerocallis cultivar named on this sheet has successfully completed the Registration process and is officially recorded in the Registrar's Record. Caution: That notwithstanding, under the ICNCP a registration is not official until published and thus the registrar reserves the right to make changes or reject a name that has received initial approval until publication in the checklist. The data that appears on this sheet was gathered from the Registration Form you submitted. Please verify that the data on this sheet is correct. You are asked to submit any corrections to this Registration Cultivar Data Sheet within thirty days. The data reflected on this sheet will appear in the appropriate AHS Check List publications. In some fields a 0 means no; and a -1 means yes.
